

Spectrum Investment Advisors Was Named A Best Place To Work In Money Management By Pensions & Investments

New York, NY (December 11, 2017) – Spectrum Investment Advisors, located in Mequon, Wisconsin, was named a 2017 Best Place to Work in Money Management, by *Pensions & Investments*. The sixth-annual survey and recognition program is dedicated to identifying and recognizing the best employers in the money management industry.

“We are honored to be recognized by a nationally known publication,” said James Marshall, president of Spectrum Investment Advisors. “This award starts with our culture and the wonderful people that are part of it. At Spectrum, we celebrate corporate successes as well as individual team member successes and we encourage our employees to find a balance between working hard and enjoying their lives and families.”

“All of the firms being recognized this year are leaders when it comes to creating a great place to work,” said *P&I* Editor Amy Resnick. “It was great to see, reflected in the survey comments, how significant it is for employees to feel valued by their employer. It shows what really makes a company a best place to work.”

Pensions & Investments partnered with Best Companies Group, an independent research firm specializing in identifying great places to work, to conduct a two-part survey process of employers and their employees. To be eligible for consideration, companies must be a for-profit or not-for-profit business or public agency, have a facility in the United States, have a minimum of 20 full and/or part-time employees working in the United States, be in business a minimum of one year and have at least \$100 million of discretionary assets under management.
